

**Dimax Int. GmbH (Germany)  
presents a brand new model  
in the inverter generator series - KS 3300i**

TM Könnér & Söhnen® hits the market with a unique offer – the KS 3300i inverter generator – which comes at nearly the same price as an ordinary gasoline generator but has several distinct advantages over its gasoline counterpart.

The KS 3300i generator has the best performance and ratings:

- inverter technology for powering modern sensitive devices thanks to the integrated microprocessor-controlled electronic unit that provides a stable output voltage of 230 V 50 Hz sinusoidal form;
- high in demand power of 3,3/3,0 kW;
- branded K&S engine, which meets the EURO 5 emission standard;
- all necessary safety functions (electronic sensor for overload and short-circuit protection, low oil level sensor);
- compact size and low weight.

The inverter technology has never been more accessible and closer to the consumer!

**Best value  
for money!**

**NEW**

**KS 3300i PROS:**

- ✓ GREAT VALUE FOR MONEY
- ✓ AFFORDABLE INVERTER TECHNOLOGY
- ✓ THE MOST DEMANDED SPECIFICATIONS
- ✓ ALL BASIC OPERATING STATUS INDICATORS
- ✓ COMPACT SIZE, LOW WEIGHT

Suitable for sensitive equipment

Open frame design

Compact size

Start guide

LED display (hour meter,  
voltage, frequency)

Overload and short circuit protection

Operating status indicators

- oil level indicator
- overload indicator
- voltage indicator

12 V universal car socket

Robust engine K&S EURO 5

**POWER**  
**3.3 / 3.0** **230V**  
**kW**

**COMPARISON CHART WITH A CONVENTIONAL GASOLINE GENERATOR**

	<b>KS 3300i</b>	<b>KS 3000</b>
Max power/Nominal power, kW	3.3/3.0	3.0/2.6
Current (max), A	14.4	13.04
Outlets	2 x Schuko 230 V	2 x Schuko 230 V
Engine start	Manual	Manual
Fuel tank volume, l	7	15
Power output controller	microprocessor-controlled electronic unit	system AVR
Net dimensions (LxWxH), mm	450x380x460	580x430x440
Net weight, kg	25.5	41.5

**TRADITIONS OF GERMAN QUALITY ARE AFFORDABLE FOR EVERYBODY!**
