Each engine and each generator have their own individual serial number, which allows us to control the quality of production and service.

SOUNDPROOF HOUSING

The soundproof housing and high fabrication quality of this model provide a noise level of Lpa (7m) = 71 dB. The package includes a transport kit for easy handling.

CHARACTERISTICS:

- ✔ Pure sine wave
- ✔ The soundproof housing provides a noise level of Lpa (7m) = 71 dB
- ✔ Economy mode
- ✔ Robust engine
- ✔ Robust brushless alternator with copper winding
- ✔ Electric engine start

With a decent appearance, catchy design and stylish shape, the generator also features a transport kit for convenient handling. Special soundproof housing ensures utmost operational comfort without disturbing the user.

The generator allows using sensitive electrical appliances in places where mains supply is unavailable.

Control of all main operating status indicators:

- ✔ overload protection
- ✔ output
- ✔ low oil level
